Plant mechanic SHK (m/f/d) – Klipphausen

With 230 permanent employees and over 220 freelancers, we have been supporting our customers for many years in the planning, manufacture, installation and maintenance of building equipment and supplying solutions of high German quality for construction projects throughout Europe.

Gebäude- und Fertigungstechnik GmbH is a subsidiary of TL Concept GmbH and specializes in ventilation, air conditioning and refrigeration systems.

Our common goal is to ensure the highest quality and maximum efficiency for our customers. We specialize in the implementation of major projects and framework agreements throughout Germany and in other European countries.

For our dedicated team in the field of air conditioning and refrigeration technology, we are looking for **HVAC plant mechanics (m/f/d)** to join Gebäude- und Fertigungstechnik GmbH as soon as possible.

Place of work: Nationwide

This is what you can expect from us:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winner's mentality.
- **Attractive framework conditions:** permanent employment in a modern, international company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level paired with regular company events.
- **Top equipment & fair remuneration:** company car and smartphone for our colleagues in the field, attractive salary and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

What you can expect from us:

- Planning and installation of complex sanitary, heating, ventilation and air conditioning systems in new and existing buildings.
- Maintenance, servicing and repair of technical supply systems to ensure their functionality and efficiency.
- Providing in-depth knowledge of materials, pipe processing, control technology and the basics of electrical engineering.
- Active collaboration in project teams in the implementation of varied construction and customer projects – from preparation to completion.
- Insight into construction site organization and training in professional customer handling as well as safe and efficient work on site.

What you bring with you:

Building trade

Job Location

An der Novisol 2, 01665
Klipphausen, Nationwide, Sachsen,
Deutschland

- Completed training as an HVAC plant mechanic or in a comparable supply engineering profession.
- Good knowledge in the installation, maintenance and repair of sanitary, heating and air conditioning technology or a related field is an advantage, but not a mandatory requirement.
- Technical understanding and the ability to work independently according to technical drawings and plans are a matter of course for you.
- Ability to work in a team, reliability and a friendly demeanor in customer contact.
- Driving license class B and willingness to work in customer service and on changing construction sites.

Fancy a change?

Are you looking for an exciting professional challenge, but our current vacancies don't quite meet your expectations? Then show us what makes you unique and send us an unsolicited application!
