Technical Insulator (m/f/d) – Denmark

With 230 permanent employees and over 220 freelancers, we have been supporting our customers for many years in the planning, manufacture, installation and maintenance of building equipment and supplying solutions of high German quality for construction projects throughout Europe.

TLC is undergoing a strong growth process and Denmark is one of our strategic growth areas. We are looking for you as a full-time **technical insulator (m/f/d)** as soon as possible.

Location: Denmark

This is what you can expect from us:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winner's mentality.
- **Attractive framework conditions:** permanent employment in a modern, international company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level paired with regular company events.
- **Top equipment & fair remuneration:** company car and smartphone for our colleagues in the field, attractive salary in accordance with the collective agreement for insulators and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

What you can expect from us:

- You will install technical insulation on ventilation ducts, boilers, tanks, pipelines and other technical systems in accordance with the applicable standards and specifications.
- They also carry out the professional installation of sheet metal covers and the installation and connection of ventilation ducts.
- They carry out structural fire protection on concrete and steel structures as well as pipe penetrations in compliance with all relevant safety regulations.
- You will also work on new technical systems in the area of maintenance and servicing of existing systems.
- Ensuring that all work is carried out to a high standard, efficiently and in accordance with the project requirements is also your responsibility.

What you bring with you:

- You have practical and manual experience in the installation of technical insulation and are physically resilient, able to work independently and as part of a team.
- You show responsibility for your area of responsibility and are characterized by a quality-conscious, loyal, honest and winning personality.
